

Print Properties & Colorimetric Committee Meeting

November 3, 2009
GRACoL Committee
Project Update

GRACoL Project Updates

- Ron Ellis
- Jeff Collins, Mike Eddington
- Gerry Gerlach, Joe Fazzi

GRACoL is Moving Ahead!

Agenda

- Project Updates
- Outreach to users
- Upcoming calls and events

Current Projects & Updates

- Tolerance Project
- Qualification Kit Upgrade/Requirements
- Color Database Project
- User Survey
- GRACoL Web Page Update
- Improved Communication with GRACoL users

Tolerance Project

- Project goal to develop a classification system for defining color precision for calibration and daily production
- Initial document in place - currently being edited for definitions, nomenclature
- Jeff developing first pass on methods document
- Upcoming call in early November

Qualification Kit Upgrade/Requirements

- Qualification kit requirements to become mandatory for G7 Master Printers targeting GRACoL
- Checklists and other documents changed to reflect these new requirements, reordered
- First step towards an eventual certification program for GRACoL users
- Requirements include overprints as well as solids, it8 recording and submission, as well as process control leave behinds

Color Database Project

- Objective to record final data of G7 users targeting GRACoL
- Secondary objective to determine correlation between control strips and IT8's on final data.
- Data to be available for research and use by request
- Mike Eddington researching methods

User Survey

- 10 Question Survey for GRACoL users
- On-line, can be anonymous or not at user request
- Objective to find out what we are doing right, what we are doing wrong, and user input for future direction
- Currently slated to be sent to G7 Experts and G7 Network, GRACoL lists. Open for use by other working groups

GRACoL Web Page Update

- Objective to make GRACoL page/section of IA site easier for users to work with
- Evaluate and update list of downloads by user request/need
- Provide information and updates on GRACoL projects and activities
- Provide links and introductory information on GRACoL.
- Point person: Mike Eddington

Communication with GRACoL Users

- Schedule open GRACoL information calls every 60 days
- Monthly email updates to GRACoL, G7 Network, and Expert users
- Updated activities on website
- Outreach to users for comment
- Notes and communication on ongoing projects

Please Participate

- All projects are done by volunteers
- We want to hear from you
- We need your feedback

Thanks for Your Time
